INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Stockton
County of Hunterdon
Stockton, New Jersey 08559

Report on the Audit of the Financial Statements

Adverse and Unmodified Opinions

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Borough of Stockton (the "Borough"), as of and for the years ended December 31, 2023 and 2022, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements as listed in the table of contents.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise to Adverse Opinion" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough as of December 31, 2023 and 2022, or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year ended December 31, 2023.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2023 and 2022, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2023 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Borough on the basis of the financial reporting provisions prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the regulatory financial statements in accordance with the regulatory basis of accounting prescribed by the Division, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of regulatory financial statements that are free from material misstatement, whether due to fraud or error. In preparing the regulatory financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the regulatory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

SUPLEE, CLOONEY & COMPANY LLC

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's regulatory financial statements. The supplementary information, and data listed in the table of contents as required by the Division are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information, and data listed in the table of contents, as required by the Division are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

SUPLEE, CLOONEY & COMPANY LLC

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 31, 2024 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Borough's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Borough Council
Borough of Stockton
County of Hunterdon
Stockton, New Jersey 08559

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Borough of Stockton, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements, and have issued our report thereon dated July 31, 2024. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Stockton prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Borough's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough of Stockton's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified..

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Stockton's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Stockton's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of Stockton ("Borough") is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

As defined by GAAP established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. The Borough is financially accountable for an organization if the Borough appoints a voting majority of the organization's governing board and (1) the Borough is able to significantly influence the programs or services performed or provided by the organizations; or (2) the Borough is legally entitled to or can otherwise access the organization's resources; the Borough is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Borough is obligated for the debt of the organization. Except as noted below, the financial statements of the Borough include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough do not include the operations of the local school district, first aid organization, volunteer fire organization or library, inasmuch as their activities are administered by a separate board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

The accounting policies of the Borough conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Stockton are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account group:

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

Water Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally owned Water Utility

Sewer Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally owned Sewer Utility

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. All grants are realized as revenues when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenues when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31st are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance.

Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis, interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as revenue in a future budget. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal and real property having a physical existence, a useful life of more than one year and an acquisition cost of \$5,000.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund. No depreciation has been provided on General Fixed Assets or reported in the financial statements.

The Borough has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Adjustments for assets acquired/sold subsequent to this date have been recorded. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Buildings and land are stated at the assessed value contained in the Borough's most recent property revaluation.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital has not been accounted for separately.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

Fixed Capital - Water Utility and Sewer Utility - Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6. Property and equipment purchased by the Water Utility Fund and the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents charges to operations for the cost of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

Accounting and Financial Reporting for Pensions - The Governmental Accounting Standards Board (GASB) approved Statement No. 68 Accounting and financial reporting for pensions administered by state and local government employers. This Statement improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities.

Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Assets (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Assets area of the balance sheet.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions (Continued)

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C.5:30 6.1(c) (2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

The New Jersey Division of Local Government Services issued Local Finance Notice 2021-10 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pension and Benefits reporting on GASB 68.

Lease

Under GAAP, lease receivables are measured at the present value of the lease payments expected to be received during the lease term. Payments are recorded as an inflow of resources in the period the payment is received. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized in a systematic and rational manner over the lease term.

Lease liabilities represent obligations to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of the expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Payments for short-term leases with a term of 12 months or less are expensed as incurred and these leases are not included as lease liabilities or right -to-use assets on the statements of net position.

New Jersey's municipalities do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording lease receivables, deferred outflows, lease liabilities or deferred inflows on their balance sheets.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the basic financial statements to be held in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey, and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Borough of Stockton has the following cash and cash equivalents at December 31, 2023:

Fund Type	Bank Balance	Reconciling Items:		Reconciled Balance
		Additions	Deletions

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2023, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$250,000.00 was covered by Federal Depositary Insurance and \$3,298,955.09 was covered under the provisions of NJGUDPA.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments

The purchase of investments by the Borough is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Local Government Services of the Department of Community Affairs for investment by Local Units;
6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (c.52:18A-90.4); or
8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (c. 17:19-41); and
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

The Borough of Stockton had no investments outstanding as of December 31, 2023.

Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments, nor is it exposed to foreign currency risk for its deposits and investments.

NOTE 3: LONG-TERM DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, based by the full faith and credit of the Borough. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years if financed by the issuance of bonds.

NOTE 4: SHORT-TERM DEBT

In accordance with NJSA 40A:2-8.1, a local unit may, in anticipation of the issuance of bonds, borrow money and issue notes if the bond ordinance or subsequent resolution so provides. Any such note shall be designated as a "bond anticipation note" and shall be subject to the following provisions:

- (1) every note shall contain a recital that it is issued for a period not exceeding one year and may be renewed from time to time for additional periods, none of which shall exceed one year;
- (2) all such notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes; and
- (3) no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which those notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations.

Outstanding Bond Anticipation Notes are summarized as follows:

<u>General Capital</u>	<u>Interest Rate</u>	<u>Original Issue Date</u>	<u>Amount</u>
2016-08	4.90%	9/15/2017	\$ 100,902.00

			<u>\$ 140,681.00</u>

NOTE 4: SHORT-TERM DEBT (CONTINUED)

In accordance with N.J.S.A. 40A:4 sections 64 through 73, in any fiscal year, in anticipation of the collection of taxes for such year, whether levied in such year, or in anticipation of other revenue for such year, the Borough may, by resolution, borrow money and issue its negotiable notes, each of which shall be designated by the fiscal year to which it pertains. The proceeds may be used to pay outstanding previous notes of same purpose, or for purposes provided for in the budget or for which taxes are levied or to be levied for in such year. The amount outstanding shall not exceed an amount certified as the gross borrowing power, and no such notes shall be authorized in excess of an amount certified as the net borrowing power. Tax anticipation notes may be renewed from time to time, but any note shall mature within 120 days after the beginning of the succeeding fiscal year, and bear an interest rate that does not exceed 6%. The Borough did not have any Tax Anticipation Notes in 2023.

NOTE 5: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2023 which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2024 were as follows:

Current Fund	\$152,625.00
Water/Sewer Operating Fund	\$130,000.00

NOTE 6: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Borough bills and collects its own property taxes and also taxes for the County and local school district. The collections and remittance of county and school taxes are accounted for in the Current Fund. Borough property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund.

Taxes Collected in Advance - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

	BALANCE DECEMBER 31, 2023	BALANCE DECEMBER 31, 2022
Prepaid Taxes	<u>\$2,035.00</u>	<u>\$7,730.00</u>

NOTE 7: PENSION PLANS

Plan Descriptions

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Firemen's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/annrpts.shtml.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

NOTE 7: PENSION PLANS (CONTINUED)

Vesting and Benefit Provisions (Continued)

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

Funding Policy

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group life insurance benefits is based on actual claims paid. For fiscal year 2023, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. During 2023, PERS provides for employee contributions of 7.50% of employees' base salary.

Certain Borough employees are also covered by the Federal Insurance Contribution Act. The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$14,849.00 for 2023, \$13,867.00 for 2022 and \$12,861.00 for 2021.

Accounting and Financial Reporting for Pensions – GASB Statement 68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" which requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) of the participating municipality as of December 31, 2023. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2023.

At June 30, 2023, the State reported a net pension liability of \$132,139.00 for the Borough of Stockton's proportionate share of the total net pension liability. The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2023, the Borough's proportion was 0.0009122897 percent, which was a decrease of 0.0002652230 percent from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the State recognized an actuarially determined pension benefit of \$23,723.00 for the Borough of Stockton's proportionate share of the total pension expense. The pension expense recognized in the Borough's financial statement based on the April 1, 2023 billing was \$14,849.00.

At June 30, 2022, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflow of Resources</u>
Differences between expected and actual experience	\$ 1,263.00	\$ 540.00
Changes of assumptions	290.00	8,008.00

Actuarial Assumptions (Continued)

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2022.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major assets class included in PERS's target assets allocation as of June 30, 2023 asset are summarized in the following table:

<u>Assets Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity	28.00%	8.98%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Borough's proportionate share of net pension liability to changes in the discount rate

The following presents the Borough's proportionate share of the net pension liability of the participating employers as of June 30, 2023 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	June 30, 2023		
	1% Decrease <u>6.00%</u>	At Current Discount Rate <u>7.00%</u>	1% Increase <u>8.00%</u>
Borough's proportionate share of the pension liability	\$172,017.00	\$132,139.00	\$98,198.00

Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. For PERS, the legislation which legally obliges the State is found in Chapter 133, P.L. 2001. This special funding situation is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2023, there is no net pension liability associated with this special funding situation as there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date.

The amounts contributed by the State on behalf of the Borough under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a non-employer contributing entity. Since the Borough does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Borough related to this legislation.

The non-employer contributing entities' total proportionate share of the non-employer contribution that is associated with the Borough as of December 31, 2023 was 0.0009157534%, The non-employer contributing entities' contribution and employer pension expense and related revenue for the year ended June 30, 2023 was \$412.00.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). NOTE 8: COMPENSATED ABSENCES

The Borough does not have a policy which allows employees to accrue unused vacation and sick pay.

NOTE 9: LITIGATION

The Borough Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the Borough's insurance carrier or would have a material financial impact on the Borough.

NOTE 10: TAX APPEALS

There are tax appeals filed with the County and State Tax Court of New Jersey requesting a reduction of assessments for the year 2023. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51.

NOTE 11: CONTINGENT LIABILITIES

The Borough participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in detail in Part II of the 2023 audit report. There were no findings and questioned costs for 2023. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2023, the Borough does not believe that any material liabilities will result from such audits.

NOTE 12: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The Borough maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. Below is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the Borough's expendable trust fund for the current and previous two years:

<u>Year</u>	<u>Borough Share/ State Refund</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2023	\$	\$ 506.86	\$ 60.21	\$ 15,358.04
2022		440.01		14,911.39
2021		439.85		14,471.38

NOTE 13: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2023:

<u>FUND</u>	<u>INTERFUND RECEIVABLE</u>	<u>INTERFUND PAYABLE</u>
Current	\$ 266.94	\$ 80,506.96
Grant	80,497.20	
Animal Control		266.20
Trust Other	216.29	
General Capital		207.27
Sewer Utility Operating		40,000.00
Sewer Utility Capital	<u>40,000.00</u>	<u></u>
TOTAL	\$ <u>120,980.43</u>	\$ <u>120,980.43</u>

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were made. All interfund balances are to be liquidated within one year.

NOTE 14: LENGTH OF SERVICE AWARDS PROGRAM

The Borough approved a Voluntary Length of Service Awards Program (LOSAP) on November 4, 2003. Under the program, a fixed amount of funds may be contributed on behalf of those volunteer fire and medical personnel which meet the eligibility criteria adopted by the governing body of the Borough. The Borough's sponsoring agency is Lincoln National, with the maximum contribution per volunteer set at \$400.00 for 2023.

NOTE 15: ACCOUNTING AND FINANCIAL REPORTING FOR POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – GASB 75

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions. OPEB obligations are non-pension benefits that the municipality has contractually or otherwise agreed to provide employees once they have retired and, in most instances, will be for retirement health, prescription and dental insurance coverage.

Under current New Jersey budget and financial reporting requirements, the municipality is not required to fund any amounts in excess of their current costs on a pay-as-you-go basis or to accrue funds, create a trust or issue debt to finance their other post-employment benefit liability. Additionally, the municipality is not required to recognize any long-term obligations resulting from OPEB on their financial statements.

The Borough does not have an OPEB liability or a special funding situation for 2023.

NOTE 16: SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after the financial statement date through July 31, 2024 which is the date the financial statements were available to be issued. Based on this evaluation, the Borough has determined there are no subsequent events to be disclosed

NOTE 17: FIXED ASSETS

Below is a summary of the General Fixed Assets Account Group for the year ended December 31, 2023:

NOTE 19: LEASE

The Borough, as lessor, has entered into the following lease:

- Land and Water Tower located at 25 Broad Street, Block 8 Lot 17, for use as a Cell Tower. The current lease term expires 07/14/2028 with extensions of eight 5-year terms. The lessee must provide notice of intention to terminate to the lessor not less than sixty days prior to the expiration of any subsequent renewal term. Payments in 2023 totaled \$49,948.08.

COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY

A study of this tabulation could indicate a possible trend in future tax levies. The cash collections reported are within the year stated. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>		<u>Levy</u>		<u>Cash Collections</u>	<u>Percentage of Collection</u>

COMMENTS AND RECOMMENDATIONS

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A. 40A:11-3 was increased to \$44,000.00 by resolution of the governing body.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$44,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$44,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6".

The minutes indicate that resolution authorizing contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 was advertised during 2023 for the following professional services:

Borough Auditor
Borough Engineer
Borough Attorney
Planning Board Attorney
Bond Counsel

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The governing body in 2023 adopted the following resolution authorizing interest to be charged on delinquent taxes.

WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for non-payment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS, N.J.S.A. 54:4-67 has been amended to permit the fixing of said rate of 8% per annum on the first \$1,500.00 of delinquency and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000.00 on properties that fail to pay the delinquency prior to the end of the calendar year.

1. The Tax Collector and Water and Sewer Clerk are hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of delinquency after the due date and 18% per annum on any delinquencies in excess of \$1,500.00 becoming delinquent after the due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31 an additional penalty of 6% shall be charged against the delinquency.
2. BE IT FURTHER RESOLVED that these interest rates be effective for the year 2023.

It appears from an examination of the records that interest was collected in accordance with the forgoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

No tax sale was held in 2023.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>YEAR</u>	<u>NUMBER OF LIENS</u>
2023	None
2022	None
2021	None

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

OTHER COMMENTS

Interfunds

Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. References to the various balance sheets show the interfund balances remaining at year end. As a general rule, all interfund balances should be closed out as of the end of the year.

It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.

Segregation of Duties

Consideration should be given to provide more adequate segregation of duties with respect to the recording and treasury functions.
